

Authors and subjects of articles in the body of the journal are indexed together. Co-authors of all articles are cross-referenced to the first author. Book reviews and abstracts are listed separately. (A), annotation; (E), editorial; (L), letter.

A

ABEL G *see* PUNTIS JW

ABDEL-SALAM GMH ET AL.: Association of epilepsy with different groups of microcephaly, 760

Abnormal myelin formation in rhizomelic chondrodysplasia punctata type 2 (DHAPAT deficiency), 492

Abstracts

HART H

Adult functional outcome of those born small for gestational age. Twenty-six-year follow-up of the 1970 British Birth Cohort, 355

Persistence of dyslexia: the Connecticut Longitudinal study at adolescence, 500

ADHD

Corpus callosum may be similar in children with, and siblings of children with ADHD, 8

Detrimental neural control of precision grip lifts in children with, 545

in preschool children: parent-rated psychosocial correlates, 825

Aetiology in severe and mild mental retardation: a population-based study of Norwegian children, 76

AHTILUOTO S *see* RANTALA H

Air swallowing in Rett syndrome, 271

AKPEDE GO and AMBE JP: Cerebral herniation in pyogenic meningitis: prevalence and related dilemmas in emergency room populations in developing countries, 462

Alcohol

Prenatal, exposure and signs of minor neurological dysfunction at preschool age, 508

Twelve-year follow-up of children exposed to, in utero, 406

AL GAZALI LI *see* SZTRIHA L

ALHO K *see* CEPONIENÉ

ALLEN J *see* NASS R

ALLEVA E *see* CALAMANDREI G

ALLISON PJ *see* HENNEQUIN M

ALOE L *see* CALAMANDREI G

ALPAN G *see* SUESS PE

AMARK P *see* HULTLING C

AMBE JP *see* AKPEDE GO

Amniocentesis, Five cases of brain injury following, in mid-term pregnancy, 554

Analgesic effects of Botulinum toxin A: a randomized placebo-controlled clinical trial, 116

ANDERSON CJ and VOGEL LC: Work experience in adolescents with spinal cord injuries, 515

ANDREW C *see* OVERMEYER S

ANI C ET AL.: Nutritional supplementation in Down syndrome: theoretical considerations and current status, 207 (A)

Ankle spasticity and strength in children with spastic diplegic cerebral palsy, 42

ALLRED EN *see* SANGIOVANNI JP

Anorexia nervosa, Ten-year follow-up of adolescent-onset: physical health and neurodevelopment, 328

Annotations

Autistic regression and Landau-Kleffner syndrome: progress or confusion?, 349

Cerebellar ataxia and gluten sensitivity: a rare but possible cause of ataxia, even in childhood, 283

Evidence of the effects of intrathecal baclofen for spastic and dystonic cerebral palsy, 634

Genetics and the muscular dystrophies, 780
